Ads need to be in for the December issue of the *Reflector* by October. Because we are members of the Astronomical League, we will get the ad for half-price, or \$550 /full page. *Astronomy Technology Today* charges \$250 for a 2-page spread that will run in the March issue. Stas Edel will prepare the ads.

We haven't heard from Frank Drake. Joe emailed Seth Shostak again. We still have *Astronomy* magaZine editor, Dave Eicher for Saturday keynote.
